

## Draw a simple unicorn - step by step tutorial

With the help of this template you will be able to draw a lively comic-style unicorn step by step.

⚠ You prepare a hard pencil for drawing fine contours, an eraser, an erasable drawing pen in a dark color and a pack of colored pencils. Here we go!

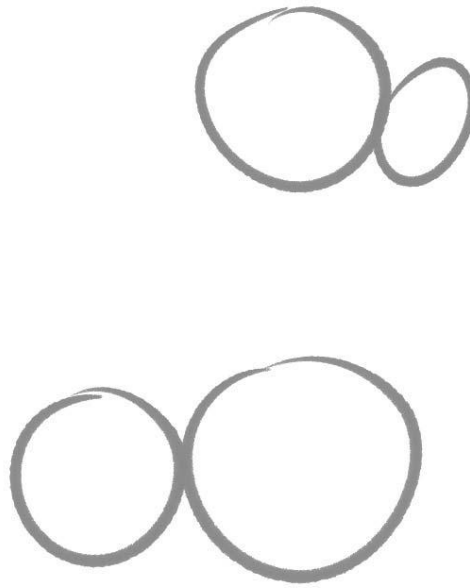

1

## Step 1: Head and Snout

You take the pencil and start with the head in the upper right corner. To do this, place two circles next to each other. The larger one is to the left of the smaller circle, which is actually more of an oval shape and will be used later to make the nose.

2

## Step 2: Trunk

You place a larger circle under the head for the chest with a little distance. To the left of that, place a smaller circle for the rear. The instructions show you the distances and position of the individual shapes.

3

### Step 3: Legs and tail

With a little swing, draw a line on the rear part and thus indicate the course of the tail. The template shows how to paint the position of the legs with strokes.

4

## Step 4: First lasting contours Use

the drawing pen to trace the contours of the body. You surround the head with the nostrils and connect the head to the torso. The horse now has belly, back and neck.

5

## Step 5: Final silhouette and face

Use the pencil to give the unicorn its ears. It now also gets eyes, nose and mouth. When designing the tail, use the auxiliary line as a guide. You paint the legs wider and end them in small hooves.

6

## Step 6: Horn, Mane and Tail

The unicorn is taking shape. You draw the mane with sweeping lines and give the tail more structure. With the horn you turn the little horse into a real unicorn. Let the template inspire you!

7

## Step 7: Remove the

guidelines Now you erase the guidelines. The unicorn is almost done.

8

## Step 8: Coloring

You grab the colored pencils and color in your unicorn. On the template, the unicorn is a gray horse with a colorful mane. For the instructions we used the colors pink, blue, green and yellow. But you are welcome to be creative and paint your unicorn the way you like it best.
